

Bruce L. Niemeyer

Former President, Americas Exploration and Production
Chevron Corporation

Director since 2026

Mr. Niemeyer was previously president, Americas Exploration and Production at Chevron Corporation.

Mr. Niemeyer was responsible for Americas Exploration and Production for Chevron's Western Hemisphere upstream business from 2022 to 2025. Prior to that, he held various positions in leadership, including as vice president, Strategy and Sustainability, vice president, Mid-continent Business Unit and vice president, Appalachian, Michigan Business Unit. He began his career at Chevron in 2000. He previously served in various leadership positions at Atlantic Richfield Company, including president, ARCO Environmental Remediation, LLC.

Mr. Niemeyer graduated with a Bachelor of Science in Petroleum Engineering from the Colorado School of Mines.
